

## Live Oak County Appraisal District Local Annual Report 2018

The Live Oak County Appraisal District is a political subdivision of the State of Texas. The provisions of the Texas Property Tax Code govern the legal, statutory, and administrative requirement of the appraisal district. Members of Board of Directors are elected by the taxing units within the boundaries of Live Oak County and must live within the district two years prior to serving on the board. The Chief Appraiser is appointed by the Board of Directors and is the chief administrator of the Appraisal District. The Appraisal District is responsible for local property tax appraisal and exemption administration. Through a local agreement with the taxing entities the Appraisal District calculates the effective and rollback tax rates for the entities and also serves as the collector of all property taxes. The local taxing units such as the County, Schools, Cities, Emergency Service District, and Underground Water Conservation District set a tax rate based on the property tax appraisal issued by the Appraisal District.

The Live Oak County Appraisal District serves the following taxing entities.

The District maintains approximately 32,678 parcels. These consist of various property types including agricultural, residential, commercial, mineral, industrial, business, and utilities. The situs of each parcel or account is determined and its value assigned to the appropriate taxing entities. A portion of the Three Rivers ISD goes into Bee County and is appraised by the Bee CAD and a portion of the Mathis ISD comes into Live Oak County which is appraised by the Live Oak CAD but collection of taxes are the responsibility of Mathis ISD.

Exemption Data: Various exemptions are available to qualifying taxpayers. Homestead and Over 65 or disabled exemptions are available on an individual's primary residence. You may apply for a residential homestead exemption on one property in a tax year. A homestead may include up to 20 acres of land and a home that you actually use and occupy as your primary residence. To qualify for a homestead exemption, you must own and reside in your home on January 1 of the tax year. The over 65 or disability exemption for school taxes includes a school tax ceiling limit. January 1 through April 30 is the application period for the exemption. You may file a late application if you file no later than one year after the date taxes become

delinquent. If you move out of the county there is a Transfer of Tax Limitation or Ceiling Certificate that can be transferred to your residence in the new county to which you relocate.

Live Oak County Appraisal District collects taxes for all entities in the County except Mathis ISD. Collection rates range from 94-99% depending on the entity. We work with the taxpayers to maximize the collections for the entities. Quarterly payment plans are available on over 65 and disability homesteaded properties. We also offer a partial payment plan with a payout agreement on delinquent taxes. Payments can be made

by credit or debit card by phone or over the internet through Certified Payments. The District works closely with the tax attorneys to aid in collection of delinquent taxes.

Special appraisals are available for land used for agricultural or wildlife management purposes. A biennial reappraisal plan for 2019-2020 places emphasis on reappraisal, site inspections, and updating applications and other pertinent information for this property type.

A Property Value Study is conducted by the State Comptroller's Office to estimate the taxable property value in each school district to measure the performance of the Appraisal District. If the Appraisal District is within a 5% margin the Comptroller will certify the local value to the Commissioner of Education for each school district in the county. The findings of the study are used in the school funding formula for state funding. A property value study will be performed by the Comptroller's office through August 2019.

For 2019 LOCAD will utilize the services of a professional appraisal company, Eagle Appraisal & Consulting, to assist in the reappraisal of all real property within the District beginning with the GWISD, Mathis ISD and the TRISD. The Live Oak CAD will calculate agricultural values. The locally appointed Agricultural Advisory Committee does advise the Chief Appraiser on Ag related issues per section 6.12 of the Texas Property Code. This board is composed of four knowledgeable local farmers and ranchers that reside in Live Oak County.
